St Stephen's! What a Year We've Had!

Alpaca's visit St Stephen's

Year 1 visit Bishops Wood!

Enrichment in the Curriculum!

As you know, we are always getting the children out and about! We value enriching the curriculum with great experiences as it develops language and understanding of the world around them! What better way to bring the curriculum to life than to experience it first hand, this is why we put so much energy into organising an array of activities we believe will enhance our children's education. And it's just great fun! This newsletter is about celebrating our year of opportunities. We've had a superb time!

Spectacular Sports!

The children had a wonderful day at our annual Spectacular Sports. Thank you Mrs Sherwood for organising this wonderful event!

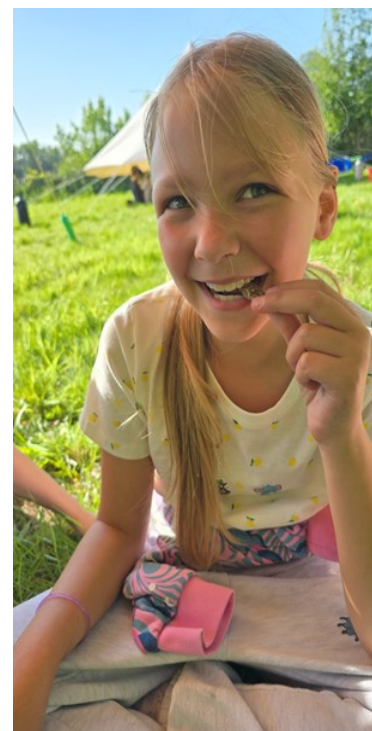

Trips to The Tower of London and to The Snowdome, thank you Miss Basche for fundraising and organising this wonderful trip!

Mrs Cullen's brilliant forest schools which is enjoyed by three classes every week. It is such a delight down there as our parents discovered! Thank you Mrs Cullen for all of your time and dedication to keep Forest School as a really well ran facility with loads of brilliant resources! Thank you for the time you put during the holidays to ensure it stays that way!

Year 4 camp!

There was so much more that went on this year that I couldn't fit it all in. Needless to say, I am so very proud of our staff and the time they give to ensuring our children have the very best time here at St Stephen's!

Have a truly magnificent summer! See you all bright and ready to go Wednesday 3rd September 2025!

Year 4, we will miss you! Goodbye and good luck!
